

#### Product technical data sheet

# **PLASMA-LABOR 2T 280 TOUCH**

Cod. DML0282

Medical Device EMDN Z121702

### **General features**

| Intended use | Refrigerator intended to store blood, fluids or body tissues for transfusion, |
|--------------|---|
|              | administration or introduction into the body                                  |

Chamber A adjustable between +2°C / +6°C

Chamber B adjustable between -10°C / -20°C

+4°C | 0.1°C chamber A

Factory setpoint | Increment -20°C | 0.1°C chamber B

Ambient working class| Climatic class From +16°C to +32°C | N-ST

**Nominal capacity** 140 + 140 lt (4,94 + 4,94 cu ft)

153 + 153 lt (5,40 + 5,40 cu ft) | 128 + 128 lt (4,52 + 4,52 cu ft) Gross capacity | Net capacity

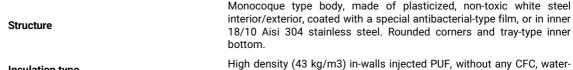

External dimensions (W x D x H) 52 x 66,5 x 177,5 cm Internal dimensions (W x D x H) 44 x 51,6 x 56 cm (x 2)

Net weight without any internal fittings 103 ka

Cardboard on pallet 55 x 69 x 190 cm | weight 120,7 kg Package dimensions | Weight Wooden crate on pallet 60 x 77 x 193 cm | weight 132,7 kg

Temperature range

Insulation type

foam based.

Insulation thickness 40 mm

Feet No. 4 unidirectional rollers + No. 2 stabilizing feet

No.2 solid doors with ergonomic handles, self-closing thanks to the spring Door

hinge and 90° stop position.

Digital lock, the door is opened by touching an icon on the display. The Electric-digital lock with password function may be password protected. Mechanical release key supplied for protection

emergency opening.

Full LED, all length of inner chamber, automatic switching on at door Lightning

opening or from the display when the door is closed.

**Energy saving functions** Night & Day function

Provided shelves: No.04 (02+02) wire shelves supported by adjustable clips (dim.cm.40x49)

|               | Retrigeration system  |
|---------------|---|
| Refrigeration | Professional, ventilated, forced, hermetic compressor type.               |
|               | No. 2 separate and independent cooling systems, one for each compartment. |
| Defrost       | Automatic, adaptive, including condensate water vaporization              |
| Refrigerant   | Natural R290  |
| GWP   ODP     | 3 0   |

Disclaimer Images are purely indicative. The features and the accessories of the products may differ according to model and application.

#### **Electronic controller**

Controller TOUCH controller

Electronic controller, FULL TOUCH SCREEN 7" display, resolution 0,1°C, Type of controller

easily readable from the distance, with a real time temperature graph and all

operational data always available on the homepage.

Power switch Integrated in user's interface Security features Settable user password

Visual and acoustic for temperature alarms failures such as:

Open door

High temperature Low temperature

Power failure

Clogged condenser

Any functional failure/faulty parts

Visual, acoustic alarm and fully independent recording system, with accuracy 0,1 °C thanks to the PT100 probes used for temperature detection. DMLP will take over alarming function when installed as integrated module on the Ect-f Touch controller board. The module is fed by standard rechargeable batteries (power failure alarm batteries included) to register

temperatures and events even in case of power outage.

Full recording of 10 years data (temperature and alarms), even in case of Temperature, data and event recording

power failure, on SD card and 1 year on flash memory, with download from

USB port. Latest 32 events displayed on the screen.

Settable temperature limits alarms Yes

NTC type probes for controller board + PT100 for DMLP monitor board

PT100 product temperature simulation probe

Safety thermostat Included, to prevent freezing and overheating

Connectivity for remote alarms

**DMLP TOUCH Digital Monitor** 

transmission

**Control sensors** 

Alarm system

External contacts (Ethernet+ potential free) terminal board

Modbus TCP/IP protocol available for data reading

Data export USB, SD and RJ45.

## Electrical and functional data

230V / 1ph / 50Hz Standard power supply Standard plug type Schuko type "G"

Compressor protection Overload Protector included Power absorption/current kW 0,14 + 0,5 (Amp 0,9 + 2,3)

Inrush current Amp 2,5 + 6 <45 dBA Noise level Heat emission according to EN 12900 W 191

3,1 h chamber A (from +5°C to +15°C) Hold over time at 20°C ambient (air) 1,7 h chamber B (from -20°C to 0°C)

Energy consumption at 20°C ambient 4,6 kWh/24h

# Compliancy

Directive 93/42/EEC and following and subsequent modifications and integrations, Class II annex IX, with conformity to the transitional provisions to Regulation (EU) (EU) 2017/745 and (EU) 2023/607

DIN 13277 Conformity (only for refrigerator compt.)

Directive 2011/65/EC (ROHS II) **Directives and regulations** Directive 2015/863/ EC (ROHS III)

Directive 2012/19/EC (RAEE) Regulation (EU) 517-2014 (F-gas) Regulation (EU) 1907-2006\_REACH

Available certificate MDD CE

**Application environment** Non-flammable, non-explosive, non-corrosive, with adequate air exchange

# **Accessories available on request**

| Converter module type 4-20mA  (this accessory excludes the installation of the GSM module)  Wi-Fi module  Plug-in module to connect to, monitor and manage the refrigerate wirelessly  Annual monitoring service, Cloud based, featuring the notification of alarm and failures from pc thanks to a dedicated app, including SMS message and emails, also allowing the full download of recorded data.  Monitoring system allowing the supervision of one or several refrigerator thanks to the access to historical data and to present equipment status, allows the creation and export of temperature graphs of selected period or of specific hours. A single license enables the connection of up to 10 refrigerators installed in the same building and connected to the same ne (e.g., a hospital).  Additional wire shelf kit  Extractible drawer without inner dividers on telescopic slides  Plexiglas front panel for extractible drawer  Glass door for chiller compartment  Castors kit with brakes  Internal Socket (no.1)  35 mm access port with stopper  Port hole mm 15  Humidity sensor  PT100 sensor with free contacts  Mains voltage stabilizer  Non-standard plug and cable  Power 220V/60Hz  Power 115V/60Hz  | GSM module   | Plug-in module to notify on mobile phones, via sms, overall monitoring,   |
|---|--|---|
| Wi-Fi module  Plug-in module to connect to, monitor and manage the refrigerate wirelessity  Annual monitoring service, Cloud based, featuring the notification of alarm and failures from pc thanks to a dedicated app, including SMS message and emails, also allowing the full download of recorded data.  Monitoring system allowing the full download of recorded data.  Monitoring system allowing the supervision of one or several refrigerator thanks to the access to historical data and to present equipment status.  FIOCCHETTI LAN SUPERVISOR  Monitoring system allowing the supervision of one or several refrigerator thanks to the access to historical data and to present equipment status, allows the creation and export of temperature graphs of selected period or specific hours. A single license enables the connection of u pto 10 refrigerators installed in the same building and connected to the same ne (e.g., a hospital).  Additional wire shelf kit  Extractible drawer without inner dividers on telescopic slides  Extractible drawer without inner dividers on telescopic slides  Plexiglas front panel for extractible drawer  Glass door for chiller compartment  Castors kit with brakes  Internal Socket (no.1)  35 mm access port with stopper  Port hole mm 15  Humidity sensor  PT100 sensor with free contacts  Mains voltage stabilizer  Non-standard plug and cable  Power 220V/60Hz  Power 115V/60Hz |  | alarms and failures of the refrigerator   |
| FIOCCHETTI COLD EYES cloud monitoring  Annual monitoring service, Cloud based, featuring the notification of alarm and failures from pc thanks to a dedicated app, including SMS message and ernalls, also allowing the full download of recorded data.  Monitoring system allowing the supervision of one or several refrigerator thanks to the access to historical data and to present equipment status, allows the creation and export of temperature graphs of selected period or of specific hours. A single license enables the connection of up to 10 refrigerators installed in the same building and connected to the same no (e.g., a hospital).  Additional wire shelf kit  Extractible drawer on telescopic slides  Extractible drawer without inner dividers on telescopic slides  Plexiglas front panel for extractible drawer  Glass door for chiller compartment  Castors kit with brakes  Internal Socket (no.1)  35 mm access port with stopper  Port hole mm 15  Humidity sensor  PT100 sensor with free contacts  Mains voltage stabilizer  Non-standard plug and cable  Power 220V/60Hz  Power 115V/60Hz  | Converter module type 4-20mA                                   | (this accessory excludes the installation of the GSM module)  |
| FIOCCHETTI COLD EYES cloud monitoring and failures from pc thanks to a dedicated app, including SMS message and emails, also allowing the full download of recorded data.  Monitoring system allowing the supervision of one or several refrigerator thanks to the access to historical data and to present equipment status. allows the creation and export of temperature graphs of selected period or of specific hours, single license enables the connection of up to 10 refrigerators installed in the same building and connected to the same ne (e.g., a hospital).
